change at any time without notice.*

Is This CUBA Cruise Right for You?

PLEASE review the info carefully to help you make the right decision

Quick Overview of CLASSIC CUBA

We will discover Cuba's larger-than-life culture, sultry rhythms and weathered beauty while exploring the country's historic attractions. We will stroll the scenic esplanade Malecón and get lost among Old Havana's Baroque facades and colonial cobblestone streets.

Back in 1960, the United States imposed a severe trade embargo against Cuba. *The Blockade* was created after Cuba nationalized American-owned oil refineries without compensation.

As part of this embargo, travel to Cuba by Americans has been restricted for over half a century. Or more specifically, it's technically illegal for U.S. citizens to have transactions (spend money or receive gifts) in Cuba under *most* circumstances.

Basically, this regulation has prevented most Americans from considering Cuba as a travel destination. Due to economic sanctions, air travel to Cuba from the United States was almost impossible. However, cruising to Cuba is the best and one of the safest ways to get to Cuba. Your Visa will be secured through the cruise line who does not use U.S. companies.

American credit & debit cards do not work in Cuba. Buying Cuban currency with American dollars can result in a 10% fee, it is therefore highly recommended you go to your bank and exchange your American dollars to Euros. There is no surcharge on Euros.

Guided Classic Car and Walking Exploration Tours

If you do not know Spanish, that is okay. On our exclusive tours we will have an English-speaking guide who speaks fluent Spanish. Our tour includes Havana City's sites like the Capitol area, the Paseo del Prado with its defiant bronze lions, the famed Plaza de la Revolución, and the time witnessing Malecón.

Our walking tour in Old Havana will include its four major squares and the Cathedral of Havana with its baroque façade. We will visit one of the city's renowned cigar bars where we'll see firsthand how tobacco is rolled.

We will learn about Cuba's "liberation" process at the Revolution Museum which houses important documents, vessels, and artifacts from this important period.

On our Classic Car tour, we will ride to the 18th Century San Carlos de la Cabaña fortress, overlooking the Havana Harbor. We'll also stop at the famous marble Christ statue overlook, said to be protecting the harbor. We will return to the port to enjoy dinner onboard.

Optional: For an evening 'on the town' you can get picked up for an unforgettable outing at the famous Tropicana for a cabaret show like no other (should arrive by 9:30, show ends after midnight). You'll sample Havana Club Rum during your visit and enjoy the music, dance, and costumes that have made this a must-see attraction in Havana!

Norwegian Sky Cruise Ship Overview

Norwegian Sky is not the newest ship at sea, but it packs a big punch with a fun slate of nonstop activities, lively lounges, a good variety of dining venues. It's also the only ship in the fleet that visits Cuba, giving passengers an overnight in Havana.

Norwegian Sky Dress Code

Anything goes on Norwegian Sky! There are no formal nights or major dress code rules. During the day, it's swimsuits, cover-ups, shorts, dresses and comfortable clothing, both in port and onboard. At night, you don't have to dress for dinner. It is optional to pack white clothing if you'd like to participate in the ship's "White Hot Night," a dance/glow party that will take place.

CUBA Trip Preparation ... What to Know Before You Go

The details are handled ... so you don't have to

Although we have taken care of most of the planning and preparation for you, there are still a few things you should know and some details you should take care of to ensure your comfort, safety and peace of mind. Please review the following information before we depart to ensure that any surprises along the way will only be pleasant ones.

Getting Ready to Go

Passports and Visas

It is your responsibility to have a passport that is valid for at least 6 months beyond the dates of travel. Passport applications are available at most U.S. Post Offices. Passport Cards are not acceptable.

A visa is required for entry into Cuba. The cost of your required visa is included in the total cost of the trip. You will be informed of the arrangements to secure your Visa. Please ensure that your passport has blank pages.

Travel Protection

This protection is automatically included in your package. It is Travel Protection that provides coverage for the cruise portion only of the trip. A full summary of the plan details on coverages, benefits, limitations and exclusions, will be provided as requested.

Climate & Clothing

The month of May in Havana is filled with a lot of bright sunshine and rising temperatures. The average temperature rises to 79°F with the average high for the month at 88°F. Overnight and early morning can be cooler, with an average low temperature of 70°F. May is a great month to visit, before the high temperatures and possible hurricanes of summer. According to Weather.com, the projected forecast for the time we will be there is an average high of 85⁰ and low of 72⁰. But, no one can, with great accuracy, predict future weather.

Your clothing should be comfortable and casual. Lightweight fabrics is good, with a light sweater or wrap, and a rain poncho for just in case. Your shoes should be comfortable for walking. While crime is not a factor, it is suggested you dress in low key fashion and leave your flashy and expensive jewelry at home. For the 'night out' you can wear something nice, but do not overdo it.
